

Full Circle helps you make the right decision for yourself regarding your pregnancy.

If you decide to make an adoption plan, we will help you find the right loving home for your baby.

What We Can Do For You

First you will meet with a Full Circle Adoptions' social worker so that we can understand your situation.

We will help you to consider your options.

We will help you to connect with any services that you need, as well as providing assistance with allowable pregnancy-related expenses.

If you decide to move forward with an adoption plan, you will select an adoptive family for your baby.

You will meet with your Full Circle Adoptions' social worker periodically during the rest of your pregnancy.

They are available to support you, day or night.

When your baby is born, the prospective adoptive parents come to the hospital when you want.

You can choose to stay in touch with your child and the adoptive parents, if this is what you want.

You may continue to have counseling after the birth of your baby.

We have a beautiful new son and we feel good about how his birth mother was treated. She was treated not only with respect and dignity, but also with tender loving care. ~ Ellen and Rick, Adoptive Parents

Full Circle helped me meet waiting adoptive couples and supported my choice of adoptive parents. They also helped me with my bills (as much as the law allows). I am very happy with the end result. The adoptive couple I chose could not be more perfect for my baby. Finding Full Circle was my destiny. I am so happy that they were there for me every step of the way.
~ Erin, Birth Mom
